# **PAINS OF MY LIFE**

**I DID NOT HAVE A PERMANENT GOOD MATE PARTNER FROM AGE 5.** I greatly suffered because I wanted and dearly needed a good mate partner. But at 41 I learned that I just needed a friend [to start off]. I felt so lonely without a friend. I yearned for her. The lonely pains were very sore. I am the type of person who is disabled if he does not have love. I do not know if I am wrong but that is just how I am. I always wanted a female to take me into her love. After having a basic friend I realized I did need more.

Now I realized that it was my life's quest to figure out how to find and get love for others. My pain turned into blessings. So yes that is how God operates.

I tried to serenade about 3 but it turned into them hating me. Yeah they hated the fact that I tried to be sweet to them. And they were African-American. I felt so awkward and retarded about it for so long. Now I realize I was not wrong.

It is ironic that I loved so much but yet was so hated. So yeah I was destined to figure out love, to be loved .... I do not hate African-American people. But I despise African-American people for what they did to me and others. But African-American people are not the only ones that are bad. I was just learning the world. A lot of the world is bad.

I got so sad and felt pitiful that I could not find a woman to work with me in Christian terms. I felt depressed because it seemed like all African-American women were the same. None loved or respected an African-American man. None.

Then I learned about [www.CDFF.com](http://www.CDFF.com). At first I did not meet good people on it. Then I met African women, not African-American. They and foreign Asian women were and are the sources to have a good marriage.

Then I found love. It is not what you think. I did not find a person. I found the love I been needing. When I found it I had no more displaced feelings about not being thought of and .... There are definite things done to love just like there are definite things done in making a cake. But until now I guess we did not figure that out and use it to our advantage.

Now that I found love I do not need sex, real sex, I do not need marriage .... I guess that is why the angels in Heaven do not marry. I found love in intimacy with God, Wisdom, Jesus ...; spiritual therapy is one of the most important things I discovered.

**LIVING WITH ROACHES.**

We had roaches badly. One time I bit into one, in my Ramen noodles. Yuck. One crawled in my ear and took like a week to come out. They were all over the house and I was scared every day of school that one would crawl out of my bookbag.

**HIGH SCHOOL FRIEND ABANDONING ME.**

I had friends when I started high school, one in particular. Then after I started church he deserted me. I was not invited to parties, weddings ... nothing. And as of 2017 they (my peers) still all hung around each other but not with me. I do not know why they left me out but it worked out for me because they would had just held me back.

**I AM NOT GOOD IN SCIENTIFIC ENGINEERING.**

I struggled with engineering. Most students did. But I worked hard and kept at it.

I needed the education (later) to build my mind up from how people tried to destroy it.

**ME BEING ADAMANTLY MAD ABOUT THE BAD CHURCHES OF CHRIST LEADERS.**

I hated the fact that we had church leaders doing all kinds of bad but still leading at church. While much more humble men with less income were pushed down and away from leading. I hated it so bad. But I was in by myself. I thought the church was one unit. I latter came to find out that it was a show, a real "TV" show. I learned to not go to African-American churches because they were such bad leaders and personally offensive. And the Caucasian churches were too boring but they would not bother you. So I rather went to the Caucasian churches.

**GET TO NOT CARE ABOUT WHAT MY MALE ENEMIES DID TO ME.**

I hated having been wiretapped so bad. All I could talk about was the company I worked for-that it stemmed from. Then 911 happened.

Lesson learned: Do not try to love a country/community except for non-profitting because they will try to kill you.

**SCHIZOPHRENIA.**

I had episodes: I thought someone killed my "girlfriend" Andrea and stuffed her in the trunk as I heard car doors closing when I was in our house, I had stardom thinking I was on the brink of being famous ... and my mother stood right in front of me one day and I did not see her as I changed car oil. My mother noticed something was wrong with me and drove me to the hospital. That was my first account of two of being hospitalized for affective schizophrenia.

**CAUCASIAN WOMEN NOT RECOGNIZING ME AS THOUGH I DESERVE ANY GOOD.**

I never had a Caucasian girlfriend. I tried to have a Caucasian girlfriend for so long after college but it never happened. Every time things would be going good then she would blow-up on me. I could not deal with the blow-ups.

**THINGS I AM THANKFUL FOR  
THRUOUT MY LIFE**

I am most appreciated for God always allowing my close family to have a nice neighborhood to live in.

I am grateful for transportation. God always blessed my family with enough transportation. A person could easily not have transportation or lose it then never get it back. I thank God for all the good things He bestowed unto us.

God looked out for my family. But I always wished my family got along well; most of that was communication. So I was destined to write information on communication, namely Bad to Saint, so people would be able to fix their communication problems.

African-American families shun Caucasian people, at least they say they did or gave that impression. I had black people in my life that definitely shunned or hated Caucasian people and would express to me to not be friends/ ... with them. All the people who directly tried to ruin my life that I know of were African-Americans though. Caucasian treat me nice-for the most part.

I did not think, feel nor believed it was right for me to suffer from others to the extent that I had been done. I was not grateful for it. I was not thankful for it. And I felt it was not right for me going thru it. I rather had a Heavenly life. But I had to come to earth; I remember being in Heaven before I was born (in toddler form along with some of my classmates), Really. Other people had this kind of remembrance too.

My dad is responsible for getting me into doing so right. He would talk to me and ask me “Do not do wrong ok?”, “When someone does bad then you do not do bad ok?”

My great cousin Ent had something to do with it too. She tried to raise us up to be good men. She had us in a church group called Future Intellectual Leaders of America. She had us go to church.

I went thru a lot of abuse when young from children. I been beat up by the world in many ways. But now: no more abuse, no more enemies (and I hope to God that I never let them in my life). No more struggles, no more arguing, no more fighting ....

I was a good child. But we must grow-up with weeds. The weeds are competing with us. There is no way around it. With weeds come pain and damages.

I used to fight a lot of ideas. Cheating. Broken families. Bad church leaders. Now I know to deal with the problems that are affecting me (not the world, the world will not listen to me); I am not their savior. The savior is for the called. Since I been minding my own business I been much happier.

My mind is good thank God, in lieu of everything I been thru (family, trauma, schizophrenia and not being loved). Yep. I have arrived. I have nothing to worry about. I think of good things 99.5% of the time. I have no evil motive.

It takes a lot to get the mind right. One has to work on it and be blessed by God to have the knowledge to go by. I work hard on myself and wonder: "How dangerous is the world since they do not work on their minds like I do, What if I end up with someone who is not as spiritual as me? ...".

If it were not for my mom and God I would be out of my mind, 80% dysfunctional. My mom heard someone talking about the medicine I am on when I was last hospitalized. If she had not been in the right place at the right time ... then I never would had recovered. That is a miracle. So God has done a miracle for me. God likes me.

I love advertising one on one, in every situation. I learned that I was good in one on one advertising when I worked being a Brand Ambassador. I would sell out of products and people I worked with would tell me how I was such a good salesman. I just love selling a product/service to someone. My advertising skills have greatly increased into writing ads. I am not the best but I am good.

Thank God that I learned how to work, not work hard but how to deal with the people from work, how to pick jobs to apply for, how to work easy ... (how to not worry about work at all). I know not many people can say that. Yes there is a secret way to go about work. I used to always get bothered by people treating me bad at work, and church. That is what knowing what kind of jobs to apply for and having the right work mode prevents. I do not believe in being treated like a slave. **Leave a church where there is even one person there who treats you bad; nobody has the right to wipe their butte on you.**

If I do not succeed in finances then I do not have anything to worry about and I will be happy. If I succeed in finances then I will be happy and not have anything to worry about. I cannot take any of this with me-so there is not reason to attach person feelings to them. I do not have to work hard. I do not have to struggle. I do not have to be treated like a slave at work. I do not have to get fired. I do not have to retire. I am retired.

I have privacy too. I did not realize how important this was till immediate prior living at 2608 .... I get to close my room door. I do not have to worry about putting up with someone else I do not feel comfortable with.

I could not imagine life without air conditioning. That is right I love good air, not too hot, not too cold but cool. I have a fan in my room to keep me cool when others want more heat. So that fan is a big deal in my life, kind of like a close family member, really.

God made it so I live in a very nice house and metro area. I guess 15% of the USA live in such a good place as I do. My room is very big. I have my own vanity and share a bathroom with only one person. This house costs about \$400, 000 dollars. God blessed us to pay off the house. So we have somewhere to stay. Caucasians treat us nice here: very courteous, kindly speak and hold short good conversations with us in public. Not many African-American people are around. I hate to say it but "African-American people" cause a lot of bad things to happen in public: they are rude, cut in line, do not speak ....

The Caucasian people in my hometown do not talk to African-Americans for the most part. They are very racist; you can tell by how they react to African-Americans and treat them with suspicion. "Caucasian and African-American do not mix there." My fight is not racism, my fight is "The Man", The Devil.

God made it so I permanently have value, a SSDI check. If were not for that check I would be so messed up; I would not had the resources to do business .... If I had not got disabled I would not had the time to work on the business and get my relationship focus right. So I thank God I was disabled. Everything worked out the way God intended.

The SSA took care of my child support too. That was such a regretful load to carry. If I had lost my job or ... and could not pay child support they would take my driver's license away or put me in jail. But my ex did not care; she tried to make my life Hell. I hope God does her in like she tried to do me. I had a thriving heart and people just threw me away like I was useless.

If I had not got disabled then I would not have free medical. Medical coverage is so important-for me.

I am glad that I did not have more children. More children = more child support, more women divided with me, more children not understanding why daddy was not around .... I would had all these problems because I would not been with women who sought love rather than alright treatment and/or finances. Life works things out. I would had more kids and not taught them right. I would had more people asking me for money. I would had lowered my goals. I would have burned out like a cigarette.

I had to depend on the finances of family members for 98% of my life. I felt bad that I was not independent despite all I did (never going to jail, coming to God early, being diligent and graduating from a very hard college earning a bs civil engineering degree).

I really felt bad, I wanted to be dependent on, a leader. I wanted to do my part and maybe more. Yet God did not see it was fit yet; it is up to His discretion. I believe God will bless me with wealth because I did good, as the old Christians teach. But it is not like I thought it would be. I thought I would be well off for a long time by now. I am not underappreciative I am just real: God will provide a roof, food and peace (He did not say in a mansion but you could get shelter). In lieu I rather do good than had not. My heart is more important than financial wealth. But financial wealth is important to me too.

It is so powerful that God allows us to maintain. Anything could happen to destroy our structures, anything. But God makes it so everyone in Christian countries do not have to struggle too hard. God is not just taking care of me or us because we are Christians. He is taking care of everyone in Christian countries. So doing His will just to be elite-ly taken care of is not true.

God deems the blessings I get not man. God is leading me and has been leading me. If the job ... was for me then God would had not let me go that way. I gave God my life to direct. So what if they will not hire me. I have a better future; I am just not smart enough (like a sheep) to always see that.

It is amazing that the USA is designed so that a person does not have too many financial burdens at a time; we are kept down due to pay ranges but a person can go around that and make a good living. You have to figure it out or follow me. God works it out too that we have enough people working making enough to cover the bills. We all are one paycheck from being evicted but God keeps us together.

My wife (1<sup>st</sup> wife) took our daughter and her cousin (Paris) away from me. But I got the love back in my sister's twins Gee-Gee and Matt-Matt. The twins love me. I got the chance to feed them overnight when they were little. Yep. I am over my wife taking my daughter and cousin away. I heard God will return evil for evil. I did nothing for Yolanda to do that, nothing. This is another dagger in why I do not like African-American people. She like put me in prison. Me and my daughter had a great relationship and we loved each other so much; we both very much missed each other. Churches of Christ did so so much damage to my life.

I cannot imagine life without my mother. She is my best friend; she is all for me; and she does not accept any bad things from me (which is good for my growth). I can imagine how displaced people are due to their mothers not living. Not being able to touch her, not being able to hear her tell a heartfelt complaint (Lol). I often thought I would rather be dead than my mother. Now I think I can live but I would need someone else special in my life. But I can make it; and that was not so till I found love.

God was so helpful to me to have my mother with me thru all I needed. I do not think I would had developed, I would been cold if I did not have my mother. God is so good to me to have allowed me to have her for me for so long.

She worked for 30 years to provide for her kids. She never complained a day about working. She never missed work unless it was needed. And she never complained about giving. My mother is a good mother-last of the good African-American women. She is the type who does not mind if her man is not bringing in income. She does not like arguing, fighting .... I get my smarts from my mother.

My mother has done so much for me and never complained about it. She strives to see me not get into trouble, to not have stress and worries from the world, to be physically taken care of and for her family to be together. She did good; I feel she made dad a better man, not so hateful, giving more and ....

My young brother Derrick is also instrumental. He loves me and makes sure I am taken care of. He is just like a good father.

I am so glad I live in North America USA. As long as a person stays out of jail, lives in a Christian country and goes for the needed help then he/she will be taken care of. The quality of living in the USA is probably the highest in the world. And as long as one lives in a big city one can find a job. There are a lot of different food places to eat at in big cities. And one can live a good life here if one knows or figured out how to.

# **IRONIC STUFF IN MY LIFE**

I been divorced by twice and am now am writing a book How to Marry God's Way. My first wife is named Yolanda. My second wife is named Sharanda. Both had only 1 child, both by men name Willie. Both went to the same kind of church (Churches of Christ). Both are around the same ages. Both wear glasses. Both were new to sex and very un-affectionate. Both were inconsiderate and very disrespectful.

Then in 2021 I finally met another American thru CDFF.com who was serious about me. We met about every day thru Google Voice to chat. Her name was Maranda. That did not last a month because when I asked her about us practicing love she said she was not interested.

Yolanda, Sharanda then Maranda. All African-American woman who ought to wanted to love (based on their backgrounds). I was done.

I been divorced twice, yet I was a good husband. I been single 14 years, yet I been online dating for 14 years and even reach out in grocery stores.

I have one daughter but she does not talk to me, I did not do anything to her and she will not tell me why.

I'd rather be with a fat woman than a skinny woman, my first two wives were slim.

I been single 14 years yet I wrote a great book on how to marry.

I am an engineer, yet I am poor. I went back to my community to help it after graduating from college and they tried to devastate my personal and financial life. My own race is responsible for financially holding me back (including disabling me). I been confined to my home for 17 years like a prisoner but probably done less wrong than any man in the last 1, 000 years. I contacted the White House to the local police and they did nothing about me being disabled due to being wiretapped.

I stood up for what was right; “Churches of Christ” turned against me

People tried to take my life away from me and confined me like a prisoner yet I wrote a book on "How to Live."

I paid child support but had my child custody rights taken away from me because of evil people; no fault to my own. The divorce court would not allow me to have church at home with my daughter.

I broke my hand and was not able to hold Britt in it when she was born. My life was broken and I was not able to hold Britt in my arms. I knew the broken hand was a sign.

I am African-American but do not get along with 99% of African-American people.

African-Americans tried to get me to hate Caucasian people for what they do but African-Americans do greatly more wrong to their own race.

I love women but none would accept me for a mate partnership.

African-American women hate me because I am not financially well off.

Caucasian women are verbally hateful to me.

African-American women would hate to see me with a Caucasian woman  
(Caucasian, Latina ...).

I am very loving but over a 15-year time did not get sex, not one kiss nor hug.

I used to be the biggest player; now I am the biggest promoter of good marriage.

My church tried to devastate me even though I donated \$5, 000 to them at one time.

I created big business ideas off a very small budget.

I am an engineer but what I am really good in is writing.

My college mascot is yellow jackets; one day I got attacked by yellow jackets.

I am labelled crazy (for having affective schizophrenia) and genius (for being an engineer graduate from Georgia Tech, USA).

Yeah people called me a math genius. Ironically my math calculations are "always" wrong at first; it usually takes a long time to work them out. But I do work them out.

I am an inspiration writer in contrast to what I been thru.

**WHEN I LOOK BACK AT MY  
LIFE AND SEE  
ACCOMPLISHMENTS**

**God allowed my marriages to be destroyed:**

So that I was not in an imperfect (not striving for perfection) marriage;

So that I wrote all the books;

To learn that what kind of woman I need to be with.

So that I know and will require what is needed to have a good marriage;

So that I have fire to lead people to learn how to become free;

So that I did not teach my daughter wrong philosophy (being developed).

I had to learn how to have a relationship and how people in the USA are before getting into a relationship;

**God allowed me to be alone:**

To work on business;

To get my values right;

To get my thinking right;

To detach from sex.

**I am glad:**

I am not with my ex's because they were affectionately lame and did not love me;

I learned churches are not worth s\*it;

I was single;

One thing that keeps me going is Caucasian women customers being nice to me;

that nice welcoming and wishing well is a big part of my life;

**It is a shame:**

My daughter does not want to have anything to do with me;

No African-American in the USA church fights Life with a good man;

**I now understand:**

Most people lives are meant to be financially poor;

All things will work out;

God had me graduate from Georgia Tech just to show I am hard working and smart;

I know God will punish those who damaged my life;

**Now:**

I want to start teaching people to use my books to break free from the prisons of this world;

# **ALTERIOR MOTIVES**

<b>HOW I FEEL:</b>	<b>SOLUTION:</b>
Sometimes I get tired of being poor.	I need to be complacent with what God and my family provides.
Sometimes I get tired of having to be taken care of, get handouts, not having my own things.	I need to be complacent, wealth does not come overnight. It would be nice to have my own place.
<p>I felt God:</p> <ol style="list-style-type: none"> <li>1. Is trying to keep me poor, down.</li> <li>2. Does not love everyone.</li> </ol>	<p>But I realize:</p> <ol style="list-style-type: none"> <li>1. The world, our family, evolved that it never had establishments because our family never strove and worked together.</li> <li>2. I am doing good considering my abilities to make money and do high licensed jobs to make a lot of money.</li> </ol>

**WHY IT IS GOOD THAT I DID  
NOT REMARRY**

# **MY GREAT PROBLEM**

Quotes from <http://www.motivationalwordsofwisdom.com> taught me that God did not have any deviousness in Him at all. That God was like an old man, reserved, slow to move and quiet. That He just wants us to be without trouble.

I always had negative thoughts hunting me, but now they were gone. Thank You Lord God.

**MY BAGGAGE:**

Let me tell you all my baggage: I am disabled with a mental disorder it is not noticeable. I can work part-time up to \$1200 a month; I am seeking only very easy work. My mother would need to live with me.

## MY FINANCIAL HISTORY AND ASSESMENT

It took me years to be able to work due to: my illness, not being able to deal with common work abuse and not knowing which jobs to work at.

I have a bad work history. I quit jobs for one reason or another. I never knew where I should had worked. I started off wrong. I should had never network with people for jobs. I should never have worked with my enemies (not knowing they were my enemies). So the job scene does not look good for me.

I had many bosses that emotionally abused me which caused me great trauma. But I been working on how to overcome those things. I have solutions now, I think I can work for life.

## ABOUT ME

I believe I know how to have a good mate relationship; I diligently wrote a book on it over 15 years. I am an engineer graduate. I am originally from Columbus, Ga. I lived in Georgia, Alabama and North Carolina. I do not attend church due to trauma; I am non-denominational. I try to stay relaxed all the time. I am no longer addicted to sex like 90% of men are. My dad is not alive. My mother is. I have a great relationship with my mother.

## WHERE ALL HAVE YOU LIVED

8. Birmingham, Al from February 2018

## TRAUMA I WENT THRU

Well the church I attended wiretapped me after I left my job-they were tied to my job. All the surveillance started my mental illness. I feel my wife left me because I could not work. And my second wife did the same. I contacted everyone from the white house to the local police, none did anything. I think they did it for Colonel who worked with me. His wife was over the human resources there and I quit because they wanted me to go along with something illegal. But I would not go for it. The two went to my church along with the detectives who I know wiretapped me. They were looking for anything to make me look bad then go to jail. It was too much stress. It 1st caused me to have paranoia. That is when I think things are happening that are not; but since I been on the right medicine I have no major problems.

WHERE ALL OUT OF THE COUNTRY HAVE YOU TRAVELED

Jamaica, 1993; honeymoon

## HOW LONG I BEEN ONLINE DATING

I been online dating for over a decade. I never been on a date in 15 years. I met one person on purpose. I been on other dating sites, none are near as good as what CDFD gives, the secret is it's name; it seems mostly people who are real Christians use the site.

## WHAT HAPPENED TO MY MARRIAGES

My divorces came after I was not employed but an event occurred before they ended. The first divorce came after I told my wife I was not arguing anymore; I heard thereby she felt I did not love her anymore. So she just left; she before wanted to go to counseling but I did not want to go; she did not know it but I wanted to settle the problem ourselves.

The second wife allowed a man to come on to her that was stalking her; she turned into "liking him"; I confronted him in church-it got ugly; she cut me off and divorced me.

It seems both wives left me because I was not a good provider; I was disabled but did not know it.

My symptoms started around 2001 I was diagnosed in about 2006. If I am not well managing it I think things are happening that are not; it would not lead to violence because I do not believe in it. I been fine since about 2007, no episode because I been on the right medicine.

## ABOUT MY CHILDHOOD

I grew up spending a lot of my daytime in the neighborhood or another neighborhood. I learned there were bad people in this world and they start off being bad youth. When I was young I always wanted a female friend to give me affection and nurse my thinking. I never got that till last year; I got a friend from the Philippines but we are not compatible. I always wanted and needed a female to understand me and give me affection. I can say I had a happy childhood for the most part but I wished I learned how to live or tried to figure it out at a young age so that I served God better.

**SATAN WAS WINNING TILL I FOUND SCRIPTURE**

I was wrong. I am very fortunate for going thru all the trauma I went thru. I thought I lost.

It turned my talent seeds and personal life into a tree standing by a river. It is great to follow God. If God is in control then it must be good, not just in the end but fully all the way thru.

I should had loved what I went thru because I should had known it was going to turn out great. We are to correct great wrong thinking. We are to use talking about great bad to set men's hearts on fire for God.

These are things one gets from haven diligently served decades:

1. Peaceful easy life;
2. Finding "Real Love";
3. Good food;
4. Have a good home business;
5. Have good principles;
6. A nice furnished home;

Think how much the people who did me wrong lost. Think how much the people who did you wrong lost. They lost, not you. Think how far back they are on their Christian path. Think how much less things they appreciate, do not have rich life.

**WHEN AND AFTER I FELT I ARRIVED**

I felt I arrived when I got to the point where I had all my business lines ready for sales. I had been working on getting business started from ~August 2001 to November 2019. I felt so refreshed, proud of myself, so blessed and favored by God. Now it is time for to me to figure out how to get great sales.

I had to realize that I was rich (spiritually) that if I get material blessings that it did not matter because I am where I need to be (spiritually). I am also rich because I do not have to worry about being taken care of. There are so many people struggling to make it with stress. So that is another blessing I have, I do not have any relationships making me miserable.

Then I learned to not let my faults, negative thinking and wants influence how I think/feel. They were Satan to me. Then I realized I really arrived, that business was not the arrival point that being okay with life (God) no matter what and doing all right for one to do is the real Goal. Then about 1 week later I arrived at the point where I knew which business lines to do.

**Strive for good things but be okay with what you are dealt with.**

**WHY**

God made me;

1. Divorced;
2. Not have my daughter;
3. Fat;
4. Disabled;
5. Poor;
6. Jobless;
7. Non-financially independent;
8. Top spiritual;

<b>DIVORCED</b>	So that it sparked me to write solutions to how to live, ~20 books.
	So that I did not have lame marriages.
<b>NOT HAVE MY DAUGHTER</b>	I would had taught her wrong; I learned as I lived; all I wanted to do was teach her how to live.
<b>GOD MADE ME FAT</b>	So that I was not so attractive, to not had gotten a companion, so that I completed the things He desired me to. My time and mind would been spent on her.
	So that I learned how to exercise and diet; to teach the world how to ( <u>Williejay's Dieting and Exercising Advice</u> ).
	So that I made great cookbooks ( <u>Williejay's Cookbook Year 2020 and the Foodie Diet</u> ) and recipes for store foods due to my love of and needing of food.
	So that I found then taught the world about the Fountain of Love = Christian * (In general: Africans +

	Asians) females. 999:1000 USA women I met would not be with me, not even friend-wise for at least 15 years because I was not financially independent. The Fountain of Love will love a man; they are the “good wives” to have.
<b>GOD MADE ME DISABLED</b>	So that I spent time with my father, and mother while they were alive.
	So that I had money to “do enough for myself.”
	So that I had enough money to start business.
	So that I had the time needed, by not working, to create all the things I created: <ol style="list-style-type: none"> <li>1. <b>GOD MADE ME POOR</b>	<p>So I was not so attractive, to not had gotten a companion, so that I completed the things He desired me to. My time and mind would been spent on her. He also did it to show that anyone can (poor ...) no matter what people did to him/her can become great.</p>

# THEIR SYSTEM

**AUGUST 31, 2020**

I am a victim of Serious cybersecurity crime which caused a domino affect in my life and persisted from 2001 to date. They done all kinds of illegal things to me via cybercrime (wiretapping). The police started off illegally doing it to me out of hate-which stemmed from a group who I went to church and work with.

My half-brother named Willie James Strong Jr. probably is involved; helping them (the enemies). As far as I know Willie went to jail in Georgia (Atlanta) for having a sexual relationship with a minor, he been to jail before then and he hates me. Willie was/is a habitual liar. I have proof that he had sex with **MINORS**.

**THEORY:**

Willie/**Myles Caggins** and/or **Billy Jackson** originally coordinated Jackie Lee and Eddie Powell (who all went to the same church as I Cusseta Road Church of Christ (Columbus, Ga); Jackie Lee worked for Columbus Consolidated Government police as a detective and Eddie Powell was a private detective). It seems Myles did it to originally illegally wiretap me and prevent me from finding a job ... because I left the job where his wife was “**OVER**” human resource and left the Cusseta Road Church of Christ; I left because my bosses asked me to go along with something illegal. All these people are African-Americans. Myles Caggins is a retired Colonel and I was informed that he could have put my information in a database to cause all this to happen. Both Billy and Willie had an adult relationship with Angel Burton’s mother while Billy’s wife and the mother’s husband (Joe Burton) were alive and Billy was an elder at the church. I have **possible proof**. Junior probably recorded what I said about them family-to-family, and Myles ... went and did .... Even Billy Jackson got in trouble for messing with a minor when working at a Girls and Boys Club in Columbus. Billy Jackson worked in the probation office. They are trying to make me look like a child molester. I **ADORE** females never had nor would sexually attempt to be with an underaged. Really all this is based on racism against blacks and whites.

**Billy** (now that I remember clearly) ... might have switched or is trying to my legal (clean) record switch with Willie James Strong, Jr.’s; because I have proof Billy altered someone’s jail record information before; Willie said he and Billy were best friends; Myles and his late wife followed me and my first ex-wife to the Edgewood Church of Christ when I left Cusseta Road Church of Christ (both in Columbus, Ga). My first ex-wife (Yolanda Elder Strong) apparently for evil

prevented my child from having a relationship with me the last 6 to 8 years; I cannot exactly remember how long because it been so long; me and my daughter had a perfect long distance relationship then it was cut off. The first ex-wife worked for the State of Georgia's family and children services in Columbus, Ga.

Also as far as I know: Jackie Lee's child, my only child, my first ex-wife and Willie's child all go to McCartha drive Church of Christ in Columbus, Ga. They were all at Cusetta Road with me. It is known that he wiretapped his ex-wife (in around 2001 – 2002).

**HOW I WAS ORIGINALLY WIRETAPPED:** Jackie Lee got the exact same phone numbers as mine back to back except for the **REARRANGEMENTS OF THE LAST FOUR NUMBERS** (one personal, one business) then obviously acted like he wiretapped himself but was actually wiretapping me. **THIS IS ONE MAJOR WAY POOR PEOPLE ARE BEING CRUCIFIED.**

They electronically stopped my:

- Business sales;
- One-time stop the ability to do work for contracted work, I had to quit; I have proof;
- Online dating-ability to find a wife **for about 15 years** (the only great means I had to find a woman); I have proof.
- Ability to communicate with lawyers via e-mail ...;
- ...

And [I AM SURE BUT NOT DEFINITE] used the FBI to run me off jobs; **THIS PROBABLY IS ANOTHER METHOD THEY USE TO DESTROY POOR PEOPLE.** The first evidence that the government was not for me is when the Columbus Consolidated Government court ordering me to not have church at home only with my daughter in my divorce decree; they tried to take my freedom of religion away.

They mentally disabled me. I am an engineer graduate and lost that financial ability due to the disability, something I worked very hard for; I graduated from Georgia Tech in Atlanta, Ga. My name is Willie Jason (Williejay) T. Strong. I have a squeaky-clean background proven by the books I wrote (visible at [amazon.com/author/williejaytstrong](https://amazon.com/author/williejaytstrong)). Please see what I been working on the last 20 years of being wiretapped: [www.WilliejayTStrong.com](http://www.WilliejayTStrong.com). A lawyer verified that I am actually a victim of what I say, cybercrime. I contacted about 80 places over 20 years, nobody helped me at all that I know of. Nobody said I was crazy but .... Also I recently contacted the NC Legal Aid Service (without telling them my story); they were supposed to contact me as in their agreement (e-mail) but never did.

Over 20 years I contacted:

- FBI in GA, AL and NC;
- Sheriff Offices in GA, AL and NC;
- Local police offices in GA, AL and NC.
- The White House
- Homeland Security
- Lawyers
- NAACP
- ...

None of them helped me at all. I am 100% innocent. Then they wonder why we do not like the police. They wonder why black people do not get along. They wonder why some black people do not like white people. Then they wonder why we do not respect them or feel they are for us. Apparently they are not. Some are trying to kill off blacks and enslave the rest. We have to do something about the state of our legal system ourselves. The law is not for us.

I made:

- Three Biblical Correlation Discoveries; as shown on [www.WilliejayTStrong.com](http://www.WilliejayTStrong.com);
- Wrote a monumental book: [How to Marry God's Way](#), available on Amazon.com;
- Solved the other codes (messages) in Leonardo DaVinci's paintings;
- I get music in my dreams;
- I am a civil engineer graduate from Georgia Tech (in Atlanta, Ga)-June 13, 1998;
- I came up with a lot "solutions" to life problems;
- And I remember being in heaven when before I was born;

I am anointed; I am good enough for God.

Please e-mail me at [WilliejasonStrong@Yahoo.com](mailto:WilliejasonStrong@Yahoo.com) or call me at 336.709.4746. But they probably are compromising my communications, acting like me when people contact me and ...; I have heard from anyone. **A VICTORY LIKE THIS WOULD BE GOOD TO STOP COPS ... FROM ILLEGALLY MALICIOUSLY WIRETAPPING OTHERS AND RUNNING THEM OFF JOBS.** I also own [www.RealDope.org](http://www.RealDope.org).

Think how many lives police ... like this destroy/destroyed. Think of how much financial damage they done to people over **SO MUCH OF OUR TIME**. Think of how much social division they cause and caused. Think of the amount they will continue to destroy. These people need to be **REMOVED**.
