INTRO

The USA black family has greatly declined and is declining. From my perspective its far main decline is due to these 7 reasons:

- not knowing how to have family (communication, treatment),
- having apathy,
- being insolent,
- sexual cheating,
- a lack of passion towards one another,
- not pursuing a financial business and
- pursuing the wrong professions.

All of them are greatly needed. All of them are caused because we have not been taught/teaching our kids right family values. We have learned that we cannot depend on churches to teach our kids how to live. We cannot depend on churches to teach us what we need to learn to

live right. So we need to make this big change to do it ourselves starting now with the help of Williejay T. Strong's books.

February 14, 2022

IT IS TIME FOR US TO CHANGE

A.

We need to stop whoremongering (cheating, preying on others for sex ... and being with people for only money.). Plus stop teaching to be whoremongers in songs.

Whoremongering is destroying our families. When one is caught cheating then the family splits; it then creates:

- Double expenses;
- Double work demands;
- Takes away time to work on:
 - The mate partner relationship
 - Teaching the kids
 - Focusing and making the steps to have business so we become financially independent
- It ruins relationships with mate partners and their families;

- Causes kids to go crazy (bad);
- Causes lost time that you can't get back;
- Creates repeat patterns in our descendants;

Focusing on being with someone for money instead of love eventually lures the other to cheat and just makes the relationship love deficient.

Whoremongering is sick, an addiction. It is mind encompassing. It is a total race disgrace and disrespectful. One needs to detox himself/herself from sex. They need to use Deep Love (see my book Deep Love).

B.

We need to work on developing our minds and physical lives (read my books at amazon.com/author/williejaystrong).

C.

If you like to smoke weed then move to a state that allows you to; stay out of jail.

WHAT HAPPENED TO OUR PRIDE

DIGNITY

***African pride = Devout devotion to
God + Encourage one another=
Dignity; we lost our African pride***

Why should we be greeting each other by saying hey: “my nigga”, “dog” or “player.”

Why can't we uplift each other? We continuously degrade each other by us promoting being dysfunctional as being cool. We need to get used to saying a nice short greeting/farewell. What is wrong with that? What is wrong with saying “What's up my nigga?” or “Aright dog.”

God is serious, we need to be serious and not laughing all the time. Most black women want a man who can make them laugh. We need to be serious, African women are serious women. So we need people who are going push us to be serious about God, doing right.

Instead of establishing what is Christian cool we fashion, act and portray what we get in worldly R & B as being cool, acceptable, what God wants. Yeah we need a Christian cool establishment; I am trying in my effort of RealDope.org.

COSMETICS

***We are losing and have not
developed our black cosmetics.***

Why do black women want to look like white women? Do black women know that black men prefer they look like black women? Well black men do. How are we ever going to appreciate ourselves, cosmetic arts for us like the Egyptians had, if we do not go to that. By the way the Egyptians were black not white.

Are we saying our hair is not as good as white people hair? Is God partial in blessing

us? We could definitely come up with black cosmetics.

Why do black men wear long braids; the Bible tells men to not wear their hair long. But R& B has made such an impact on us that we accept what "Entertainer X" says and not what God says. We probably did not even know what God said.

ATTITUDE

We have apathy very low-quality relationships:

Cheating

Bad communication

Deficient affection

Apathy towards people in our families

Most black women carry the arrogance that they do not care about a man, that they are fully functionable without a man. God said it is not good for a man to be alone. So black women should be happy and love to facilitate that; therefore have a need to be

with a man by having the need to help and please God's word.

Far most black men do not have dignity (pride) to not cheat, to do the right thing. We are conquered because we sin. White men do not go around trying to have sex with every fine white woman they see compared to black men going around trying to have sex with every fine black woman they see.

We need to leave people alone whose talk (therefore mind) is not on God, good things.

CRIME

Black men are incarcerated like 7 times that of blacks and make up only about 10% of the population. That is a great impact on blacks.

“The Man”, the Devil, is trying to kill us off. There are people wanting to be Hitler on blacks. And they are doing a good job at it. We have the numbers in our faces Yet we are not serious about it.

We need to be pro-human race, not against: white people, Hispanic people ... or whoever they are. God’s people are pro-human.

We need to bond with good white ...
people-to make fix the things racism and a
lack of reverencing God has done.

WITH CHILDREN

Not being wise about having kids

+

Not teaching our kids how to live

There are so many children without mother and father together that it is an epidemic. We do not need to have children till we are REALLY financially independent. Yeah children are cute, we want a family BUT REALLY WE NEED TO WAIT. We need to also learn how to marry. I teach these in my books but I am not selling my books here; I am selling points.

Why do our children have to make the same mistakes we and our ancestors made? We could teach them how to live. Times changes and therefore we need Christian cool people to teach us from books ... just like we have R&B artists.

It takes a long time figure out how to live on one's own. One has to have decades on him/her. Jesus did not teach in his 20's. We need elders to teach us, at least 45 years old (*like* the Bible instructs).

MATING

Not creating relationships that are on fire

Most people want a mate partnership that: is not involving God much (spiritual edification ...), not much talking, not many deep conversations, not too close and regular (not spicy, not much) affection rather than being spicy.

Some black men believe it is good to be with “White” women because some black men believe “White” women will give them sensibility (“enough” spirituality) and spicy: care, communication, treatment

and affection. Christian People in Africa ... do not have a hard time finding love unlike USA people because in general Christian African people's hearts are right (dwell on good: spirituality, care, communication, treatment and affection).

People need to be on the "job", seek to serve potential mate partners, by giving spiritual edification and spicity: care, communication and affection in exchange for money if they are looking for money; that is worth paying for.

So you may want to ask about those none-spicy things at first if you want a spicy

relationship or these things at all: spirituality, care, communication, treatment and affection. Know so many people pretend/lie saying they want a spicy relationship (spicy: care, communication and affection); they put up the front for a while; do not let her/him fool you how he/she will be after marriage or ... (later).

Know so many people pretend/lie saying they want a spicy relationship (spicy: care, communication and affection); they put up the front for a while; do not let her/him fool you how he/she will be after marriage or ... (later).

Our relationships should be one fire = we need to learn how to communicate + give affection. That is what the main part of a pleasing relationship is about.

If the communication is not good then the rest of the relationship would not be good. So make sure the communication is great before moving to commitment (sex), set dating and vacationing, having business, having kids then teaching kids; master design each of those areas before getting there and master each area before moving on to the next. Follow my book Basically How to Communicate and Treat Each Other (Coming Soon) to know how to

communicate when having problems
(section “To Not Fight and Fix Problems”).

We also need to marry to team build
financial kingdoms. Also we need to team
to teach the children how to live.

But if we keep marrying the wrong people
then we keep on getting in debt with kids,
wasting decades of our lives (that we
cannot get back) and We never get
where we are supposed to be and raise
devils instead of people trying to live a
perfect Christian lives (= the people God
wants; we are to strive for perfection).

FIVE ATTITUDES THAT ARE KILLING US

Insolence: Too many black people scold others to make them feel badly or to deter them from being positive. People take the power of degrading others to control them. Is that Christian to do? Is it ever right to do? This makes family life miserable. It makes work life miserable. And it runs people away; not make glue, them stick.

Apathy: Most black men sexual cheat, too many black women do not share the children ... all because they do not care how others feel about what they are doing.

Do not get with a woman who will do her own thing if when she wants to. Ask her will she do it. Do not mate partner with a man who has cheated in the last 5 years. Make him pay a sentence.

Apathy is the root of all evil these days.

Trying to be Cool: We need to have Christian cool as the model to be like. We need to stop acting like these are good according to R & B: using drugs, having loose sex ... and drama.

Sexual Cheating: Sexual cheating is destroying communities at a time. We need to start calling out who are the cheaters. Yeah tell on them, send her/him a note telling he/she is cheating and with who.

Passion: In general black women do not show passion for their men. And that is why a lot of black men go to other races for

marriage. But not to just keep the men we need passionate relationship, hot, heated like in the movies. That is what a black man wants.

THE MAJOR PROBLEMS IN
BLACKS' MATE
PARTNERSHIPS THAT WOULD
FIX THEIR PROBLEMS, THE
ANTI-AGENT

[Cannot verbally get along with]

[Does not give enough continual intimacy]

[Does not work out all problems have in family]

If these problems were fixed then they would very much fix the instability in blacks' mate partnerships. These issues need to be addressed immediately after start having public icebreaker conversations in the steps to "talking to" someone, the composure to have; see my coming book Advanced Love.

COMMUNICATION

HOME CONVERSATION

***Not cutting negativity out of our
lives:***

Gossip

***Letting people talk to us any
kind of way***

Star news

Not giving understanding

No communication routine

Not being sincere

If we feed on junk then our minds will be junk. We need to have an information diet just like we have a food diet. Life goes

around and around and there are certain news we do not need to concern with.

God says do not be into other men's affairs (Star news ...). And we know politics will be politics. So why worry about that? But we do need to vote; to fight the evil powers and principalities.

Why worry about big crimes? We need to worry about not having a crime done to us.

DATING PROFILES

How do you expect to get a man of love, which God is love, if you do not pick a real Christian?

Why do you expect a good man to want sassiness, problems?

With a hooker name on your profile why do you not think men are going to treat you like a hooker?

How can one be sure he/she wants to get to know you if you do not show your full body (not naked)?

Most women want someone to make them laugh. God is serious, we need to be like God, not playing You need a man who will make you serious about serving God not a man who can make you laugh.

How can you reach the people you want if your profile does not sift out most people for the most part?

If you do not allocated time to chat then you are wasting your time. If the other person does not allocate time to chat with you then you are your time.

If you do not ask about what is important to you then you will never know if it is important to the other person.

If you are looking for money then you are not looking for love; you cannot serve both masters at the same time; Jesus said you cannot serve God (love) and mammon (money ...).

...

Follow my book [How to Marry God's Way](#).

ANGER

I used to be angry about racism but all that did was made me an angry and disappointed person. I was about to be a hateful person. Yes racism is wrong. But why focus on the problem rather than focus on how to get around the problem. You cannot focus on both.

The Bible teaches us that we are to live peaceably with others = enjoy their niceness and treat others like we would like to be treated. We been heading in the wrong directing, had the wrong concern. We need to work with white ... people who will help us build the black community, a Christian community.

I used to try to fix the world, be expressive.
Now I plan to save those around me who
will take my advice. I had to realize that
everybody is not going to be saved =
everyone will not have a good life because
they will not listen to do what is right nor
search to find out how to live.

**RACISM IS NOT ALL
RACISM**

Whites are not wrong for not liking blacks;
Blacks since Africa till now act like wild
animals; blacks do half of the murders yet
we are only one-fifth of the population.

We couldn't live together in Africa. Instead
of building civil infrastructure we fought
each other. AND WE CONTINUE TO TEAR
EACH OTHER DOWN. We sold ourselves
into slavery; we did not work together in
Africa. So we took our own civil rights
away.

BLACK COMMUNITY PROBLEMS

NEW GOVERNMENT NEEDED

- *No 3 strikes rule*
- *Legalize marijuana*
- *Racial equality sentencing*

- *Have a sexual cheater's directory and Court*
- *Required to take The Cupid Service (pre-marriage training)*

- *Renter's equity credit*

- *Against Condescending on Someone*

Nobody should have to spend the rest of their life in jail unless they murdered someone cold blooded. There are a lot of laws that need to be changed or made.

One thing we need is a cheater's directory that list people convicted of mate partner cheating. We need this so people can see who some of these dogs are who we live with.

CHURCHES

Maybe all black churches have been made a waste by:

1. The elder people not teaching the younger how to live. And the elder people being old enough to prepare right conclusions of how to live. We focus on worship whereas Christ was a teacher. Whose church is it anyway ours or Christ. What else would he been teaching except how to live. The lack of discrete lessons (step-by-step) in how to live has left black Christians to waste their lives in error.

2. Churches allowing church leaders who are known adulterers to lead. They are to be publicly ridiculed and cast away from. I Timothy 5: 19 -21.

When our children see their leaders getting away with anything they do not take what church people say seriously. Churches becomes socializations rather than needed information to learn how to live.

POOR POOR BLACK WOMAN

I feel bad for poor black women with so many children, working 2 jobs just to make it, never having time to:

- Work on figuring out how to think right
- Have solitude with God
- Herself to reflect and work on things she wants to do
- Get sympathy from God

And due to their situations not:

- Being able to save money to fall back on
- Being able to have independent income

- Having good communication with male to be loved instead of being used for sex
- Having someone to help her make it
- Knowing how to live
- Really being content
- Being able to take a break

PUBLIC NICENESS IN THE BLACK COMMUNITY

Being nice to people is very important. We should take a class on that. Like when you had not been loved or ... a while then someone treats you very nice. Do you remember how that made you feel? We should make each other feel that way in public.

There are several things that prevent us from treating people nice in public in the black community:

1. We make the mistakes of getting attitudes rather than having empathy for a person who done us wrong. That does not mean we tolerate it or allow

it to happen but we need to have empathy to: treat the other person right the next time, learn the person (people) so that it does not happen to us again and to not let it (some things) bother us.

2. We do not try to be nice others. What is wrong with being nice?
3. We do not teach our kids how to serve others, being nice.
4. We do not have many examples of elders treating people nice, to model after.

These days blacks do not speak to one another in public like they are fighting one

another or hate one another. Even the blacks who supposed to serve as customer servers do not treat us with glee.

Am I saying “White is right or better?” No in this respect I am saying we can all learn from each other. I am saying we blacks are going to a bitter end, which cannot be good.

STATISTICS

Know that in 2009 the medium net worth of whites was \$113, 149 but the medium net worth for blacks was \$5, 677.

While 74.3 percent of all White children below the age of 18 live with both parents, only 38.7 percent of African-American minors can say the same.

More than one-third of all Black children in the United States under the age of 18 live with unmarried mothers—compared to 6.5 percent of White children.

The current unemployment rate is 5.7 percent overall. For white people, it's 4.9 percent; the percentage is 10.3 for African Americans, a little more than double.

BLACK PEOPLE HAVE WORK TO DO IF THEY WANT TO BE ON WHITE PEOPLE'S LEVELS.

I think we need to let people do what they want to do as long as they do not hurt anyone else. But when they do it is time to step in and stop them. The government needs to do a much better job of not allowing people racially hurt others.

**MY HANGUPS ON USA
AFRICAN-AMERICANS**

MY HANGUP ON AFRICAN AMERICAN WOMEN

My hang-up on African American women is that they do not know how to act, they do not act like Christian African women. The following is how they ought to act.

HOW TO PLEASE A MAN

I am going to be blunt and tell you all the things needed to please a man.

Let's start:

- 1. Try to not act offended if a man tries to talk to you. You do not want to hard to work with.**
- 2. Be a female who shows she needs a man.**
- 3. Care about him and verbally portray it.**

Never quit doing this no matter what.

- 4. There is nothing wrong with saying I love you in the beginning because we God's people are supposed to love.**

5. Sooth his feelings.

Do not just tell him don't worry or it will be alright. Touch and talk him thru things.

6. Be uplifting; men need a lot of uplift; they are actually weaker than women in this way.

7. Avoid talking about drama.

8. Be willing to financially take care of him if needed.

Man was supposed to been the head and God wanted Adam and Eve to work in the beginning. Both are to submit to each other; the Bible says that we all are to submit one to another.

9. Do not put him down so.

10. Verbally show him you:

a. Cherish him

b. Support him

c. Feels he is a good person

d. Make him feel strong

- e. **Get him to feel he has someone there**
 - f. **Gratitude for what he does**
 - g. **Congratulate him**
- 11. Teach him how to be/think/what to do; women are very comprehensive unlike men. Men need women to correct and teach them (always).**
- 12. Men like freaky affection.**

WHERE SOME WOMEN FAIL AT

I do not know about all women but Black females need to:

- 1. Spiritually edify others (importantly their mate partners).**
- 2. Always do what is right; not just normally.**
- 3. Be more concerned about having good communication with their males.**
- 4. Not have apathy, continual hate of people.**
- 5. Soothe, caress and please their mate partners with words, body language and/or touch.**

MY HANGUP ON AFRICAN AMERICAN MEN WHERE SOME MEN ARE FAILING AT

I do not know about all men but Black males are failing at:

- 1. Not cheating; cheating is mutilating the progress of families.**
- 2. They are not building family businesses; we cannot go around the man playing his game.**
- 3. Men are not ensuring their kids are taught how to live.**
- 4. Men are not leading in how to have a good mate partnership.**

We (all people) tend to be too busy to work on our minds, relationships and etc.

Males need to not be harsh on women with words.

Males need to not be controlling.

Males need respect people and allow to happen what they need.

Males need to learn to listen, listen to how a female/male feels by what he/she is saying. Instead of interrupting, dictating and trying to prove something. Men need to accept and come to say they see why he/she said what he/she said.

BAD BLACK WOMEN

Bad black women are: rambunctious, rude, insensitive, do not love affection, are not loyal (complaining when there is no money ...). It seems most black women are these ways-that is why this is an epidemic in the black community.
